Letter from Orkney Springs.

The state of the s

Carrespondence of the Alexandria Gazette. ORKNEY SPRINGS, July 18.—Though we have had some cool weather here since my last, cold enough one night to make shawls comfortable, and fires desirable, it has been quite warm for several days past; yet our gool nights, and the delightful breeze which blows almost continually among the moundoubt not you do in town.

crowd. Gov. Letcher, with the State Treasurer, the Board of Public Works, and other officials, will be here some time between the 21st and the 30th; the Governor will be accompanied. I believe, by his family. The President and Chief Engineer of the Manassas Gap Railroad, came in yesterday evening, and passed the night, and the owners of the cabins, on what is called the Corporation ground, just back of the hotel, are beginning to occupy them, one family having arrived yesterday.

For many years past, since the Revolution, I should think from the apparent age of some of the log cabins, persons living within 40 or 50 miles have been in the habit of erecting small houses around the Chalvbeate Spring, which is beautifully located among the hills, and removing to them in July with their entire families. There are a great many of these cabins, and if they are all filled, there will be, with the visitors at the hotels, quite a town among the mountains, though on looking out from the belvidere of our hotel, you can see nothing but forests as far as the eye can reach, there being but little cleared land in the vicinity.

This morning, I rode down to the "Powder Spring," and was enabled to decipher the inscription over it fully; as I gave it erroneously before, I subjoin a correct copy. It reads thus, rerbatim et literatim in Roman capitals :

> I tryd this spring Found it good, Pass through à digess food."

An old gentleman, who, I understand owns the cabin hard by, and always spends his summers there, arrived vesterday, and set up housekeeping: he appears to be a bachelor, for I saw neither ladies nor children about his establishment.

We had most beautiful weather for observing the eclipse this morning, not a cloud in the sky, and a gentleman having thoughtfully smoked a large number of glasses vesterday, all were able to enjoy the sight. To us, the shadow appeared to come on at 11 minutes before 7, and to disappear at 15 minutes to 9, but as neither our instruments per. were very perfect, nor our watches likely to be very true to time, our observations are offered for what they are worth. FIDELIS.

----Delegates to the Staunton Convention.

At a meeting of the Democratic party of Alexandria County, approving the nominations of Douglas and Johnson, held on Thursday evening, the 5th of July, the fo lowing resolutions were adopted: The Democrats of the city of Alexandria, ap-

proving the nomination of Stephen A. Douglas and Herschel V. Johnson for President and Vice President of the United States by the Democratic National Convention, and now in general mass meeting convened:

Resolved, 1st. That in their fealty to Democratic principles, and the time honored usages of the Democratic party, they hereby ratify the nomination of Stephen A. Douglas and Herschel V. Johnser, as the candidates of the National Democratic party, for President and Vice President of the

24. That should a State Convention be called for the purpose of organizing the National Democratic party, and of selecting an electoral ticket favorable to said nominees, that the Chairman of this meeting be, and is hereby authorized to appoint twenty-five delegates to represent the coung of Alexandria in said Convention.

The following delegates have been apnointed under the above resolution : George Sm. Brent, D. Boyd Smith, Albert Stuart, Thornton Triplett, R. Stuart Douglass, John Laphen, John C. Cookson, Harrison Jacobs, Thomas Burns, Thos. Devitt, J. C. Foortch, Edward B. Powell, P. Seldner, John T. Gordon, Major G. Tochman, Robt. I. Smith, J. William Bowling, I. Louis Kinzer, Isaac B. Lovejov, William Wall, James Crawford, James Burley, John Birrell, Thomas Coyle, and Thomas J. Edelin.

1. BUCKINGHAM, Chairman.

COMMUNICATED. in this morning's National Intelligencer, I observe an article taken from the Alexandrig Gazette, in reference to the Farmington katification meeting, in which I am mentioned as John Beardsley. Now I do not object to the evangelical soubriquet of "John;" but as there are one or two John Beardsley's in my native State, who are deeply dyed in Black Republicanism, and are men of prominence, I prefer having my name, if it must appear in print, appear as it really is -thus precluding the possibility of any one supposing that either of the fanatical John Beardsleys, of New York, are contaminating the great Constitutional Union movement with their adhesion or support. Though the forgoing may seem too insignicant to read, or write, you will oblige me if in a future edition of your excellent paper, a correction is made. Yours,

LEVI BEARDSLEY. Washington, July 20.

COMMUNICATED. Hon, John S. Pendleton.-I perceive by the attacks made upon this gentleman, in several quarters, that his known zeal in the cause of Whig principles, and the Union candidates, Bell and Everett, has excited the ire of his political foes, who, it would seem, regard him as a "dangerous" character. before the campaign is over. He very properly, under the circumstances, refused to enter into a discussion at Culpeper Ct. House, lest Monday, as the liberal Democrats will admit. So about his Fourth of July speech at Warrenton. They make a great ado that there was nothing so "dreadful" as they make out. But I hope he will speak both et Warrenton and Culpeper, this summer and fall, and please the Democrats better.

I COMMUNICATED.

In reply to a query in the Gazette, a few days ago, with regard to the proper pronunthey could," pronounce it as near the French fashion as they are able to do.

THE BIBLE IN CONGRESS .- A joint note was received a few weeks since from the two chaplains of Congress, suggesting that the American Bible society present a copy of their pulpit Bible, for use in public worship at the capital. The suggestion was response received:

GEN. McQUEEN, OF S. C., ON THE PRESI-DENTIAL ELECTION .- The Bennettsville Son of Temperance contains an account of a 4th of July celebration, at which in reply to a complimentary toast, General McQueen responded in an address of more than an hour's length. WHITE SULPHUR WATER FROM THE WHITE SULPHUR SPRINGS, GREEN-BRIER COUNTY, VA .- The long established reputation of the WHITE SULPHUR SPRINGS for the cure of Chronic diseases, renders comment upon their medicinal efficacy unnecessary.

For many years the waters of these Springs have been transported and used by persons at their own homes, and, experience fully testifies, with the same beneficial effects that have resulted from their use when drank fresh at the fountain

These waters are gently APERIENT and very decidedly ALTERATIVE. Their great forte as a remedy, and the quality above all others that has given to them their high reputation, is their alterative power, or their peculiar operative influences, by which they stimulate Glandular secreions, resolve Chronic inflamations, overcome obstructions in the smaller vessels, and throw of norbid accumulations from diseased organs, thus producing the alterative or profound changes denanded in almost every case of Chronic disease. As an APERIENT and ALTERATIVE, the range of diseases to which they are applicable

will be apparent to medical men -such for instance, as Chronic affections of the Stomach, Bowels Licr. Kidneys, Skin, de., de. Upon the functions of the organs generally, they exert marked effects, stimulating those that are inactive, and establishing healthy secretions in such as have departed from a normal condition. Iu DYSPEPSIA and in Chronic irritations of nucous cont of the Stomach and Bowels, they are employed with the happiest results.

In the various forms of LIVER DISEASE their superior efficacy has been long and firmly CHRONIC DIARRHEA is often cured by them, after other remedies have been ineffectually

To COSTIVENESS of the Bowels and to PILES, they are well adapted. In the several forms of KIDNEY and BLAD DER AFFECTIONS, unattended with inflamation, they are very serviceable.

To the several forms of CHRONIC OBSTRUC. TIONS, &c., peculiar to females, their alterative influences are often eminently useful. NEURALGIA and the various nervous diseases, when they are the result of organic derangements, In CHRONIC RHEUMATISM, their known efficacy is coeval with the early history of the

Springs.

As a palliative of a most excellent effect in GOUT, their value has been long appreciated. * In MERCURIAL DISEASES, and that peculiar affection that results from the abuse of Mercu ry in syphilitic affections, a full course of the Water stands unrivalled in its curative powers. 20 Pamphlets descriptive of the medicinal baracter and applicabilities of the Waters furnished gratis, on application to the Agents. These waters, securely put up at the Springs in glass bottles, are now being regularly furnished to the Agents in Richmond, for the sup-

AUCTION SALES.

ARGE SALE OF LAND IN LOUDOUN COUNTY, VIRGINIA .- Being fully empow- . ered by the last will and testament of Dr. George Lee to dispose of his real estate, I will sell the FARMWELL TRACT OF LAND, lying on both sides of the Alexandria, Loudoun and Hampshire Railroad, and fronting on the said road two-anda-half miles. Its lower end is within two miles of Guilford Station, which is 27 miles from Alexandria, and Farmwell Station, (distant 31 miles from Alexandria, and 61 miles from Leesburg, the county seat of Loudoun,) is upon its upper end .-This tract contains 1131 ACRES, is well watered; has on it 153 acres of wood land, a large and commodious DWELLING HOUSE, in good

repair, and good stabling and corn-house. There is a WOOD LOT, containing 44 acres. about one mile distant, which will be sold with this land, making the quantity for sale in one oody, 1175 acres.

This large body of land may be divided into several tracts, all fronting on the said road, and having easy access to the county roads leading to the railroad stations, and to the county seat as No. 1 fronts on the railroad more than quarter

of a mile, and on the Ox-road fully three quarters of a mile; has on it a small LOG-HOUSE, two Springs, and a sufficiency of timber. Beaver Dam Run passes through it, and it contains 78 acres .-It may be subdivided into three tracts of nearly equal size, all fronting on the Ox-road, and less than a mile from the Farmwell Station, which is on its western end.

No. 2 contains 137 acres, 38 of which are in wood, and fronts on the railroad one and a quarter miles. Through this tract, and alongside of the railroad, a road will be reserved for the use of

and it binds on the railroad half a mile. No. 4 contains 166 acres, of which 27 are in wood, and it also binds on the railroad one fourth of a mile. This tract and No. 3 together, would make a farm of 285 acres, with 68 acres in wood, lying midway between, and two miles distant from two stations, (Guilford and Farmwell,) and having a large quantity of land suitable for meadow, easily improved, and would make one of the most desirable farms between Alexandria and Leesburg. No. 5 lies on the south side of the railroad, contains 631 acres, (and with the 44 acre wood lot 675 acres) of very desirable land, well watered, has a large quantity of meadow land, a good house,

eaching market that could be desired. Should a sale be effected, possession can be given upon six months notice to the tenant. Another farm containing 321 acres, I will sell subject to a lease for two years; it is improved by a small house and some out-buildings. This farm will be shown at any time by the tenant, Mr. Philip Houser, and John M. Orr, or Fenton M.
